

**EVENT SIGNAGE**

# Custom Event Yard Signs

Corrugated plastic signs with H stakes for parking, registration, queues, and temporary event directions in suitable soft ground.

**WHAT YOU RECEIVE**

- Full color corrugated plastic sign
- Selected landscape or portrait format
- Black steel H stake

Selected options define your item. Scene props and other display products are separate.

## Choose with confidence.

Use landscape for short directional messages or portrait when vertical space suits the sign. Confirm that the installation area accepts ground stakes.

**FORMAT**

18 x 24 in landscape / 24 x 36 in portrait

## CUSTOM EVENT YARD SIGNS

# Ready for event day.

A practical overview. Use the instructions supplied with your exact product for locks, fittings, mounting, and any model specific procedure.

**01 Check orientation**

Select the landscape or portrait format that matches your message and the placement.

**02 Match the stake**

Use the intended stake type and confirm that the panel's flutes or fixing points align with the hardware.

**03 Check the location**

Get placement permission and check ground conditions and buried services before inserting any stake.

**04 Support the panel**

Fit the sign to the compatible stake without crushing the board or forcing the fixing points.

**05 Keep sight lines clear**

Position signs away from exits, pedestrian routes, and places where they obstruct traffic visibility.

**06 Pack flat**

Remove the sign before unsafe weather. Keep panels flat and separate the pointed stakes for transport.

## CUSTOM EVENT YARD SIGNS

# Get the details right.

|                 |                                                  |
|-----------------|--------------------------------------------------|
| <b>Material</b> | Fluted corrugated plastic                        |
| <b>Hardware</b> | Black steel H stake                              |
| <b>Use</b>      | Outdoor event wayfinding and temporary promotion |
| <b>Printing</b> | Full color custom graphic                        |

## Artwork that fits

Use the selected portrait or landscape dimensions. Confirm print sides, flute direction, stake position, and any edge allowance on the final proof.

### Confirm for your exact item

Board thickness, stake compatibility, flute direction, finished panel size, and required bleed.

Use the matched supplier template before preparing production files. A visual placement preview or layout reference does not establish final bleed, trim, seams, or safe areas.
