

FLAGS

Custom Feather Flag

A tall branded flag with a curved sleeve and a straighter outer edge. Match the fabric size, print direction, and base to your event location.

**WHAT YOU RECEIVE**

- Printed feather flag graphic
- Matching pole set and selected base
- Carry bag

Selected options define your item. Scene props and other display products are separate.

Choose with confidence.

Choose a ground spike for suitable soil, or a compatible base for a hard surface. Double sided printing makes the message readable from both directions.

HEIGHT

10 ft / 12 ft / 15 ft / 18 ft

CUSTOM FEATHER FLAG

Ready for event day.

A practical overview. Use the instructions supplied with your exact product for locks, fittings, mounting, and any model specific procedure.

01 Match the pole and fabric

Use the pole set for the selected feather shape and fabric size. Nominal size names are not exact fabric or assembled heights.

02 Join the pole sections

Inspect and fully seat the matching sections in the order shown by the pole supplier. Do not force a damaged joint.

03 Feed the sleeve gently

Guide the pole tip through the fabric sleeve. Seat it in the reinforced end and keep the fabric from catching on a joint.

04 Secure the lower attachment

Connect the flag's lower loop or tension attachment as specified for the supplied pole. Use only the intended tension.

05 Install the matching base

Select a compatible ground or hard surface base. Keep its footprint out of walkways and follow its anchoring and weighting requirements.

06 Take down and store

Remove the flag before unsafe weather. Let the fabric dry and store it separately from sharp pole ends and base hardware.

CUSTOM FEATHER FLAG

Get the details right.

Size names	10, 12, 15, or 18 ft nominal sizes; see fabric and assembled height table below
Fabric	3.2 oz/yd ² knitted polyester (110 gsm)
Printing	Full color
Use	Indoor or outdoor with correct base

Size reference

The following page separates nominal size names from the catalog's measured dimensions.

Artwork that fits

Use the feather outline, not a rectangle or teardrop. Single reverse printing reads as a mirror image from the rear; double sided artwork needs a separate readable reverse.

Confirm for your exact item

Pole diameter, sleeve fit, lower attachment, base compatibility, final fabric outline, and sewing allowances.

Use the matched supplier template before preparing production files. A visual placement preview or layout reference does not establish final bleed, trim, seams, or safe areas.

CUSTOM FEATHER FLAG

Flag fabric and display height

Nominal size	Fabric width × height	Assembled height
10 ft	50 × 200 cm (19.7 × 78.7 in)	260 cm (approx. 8.5 ft)
12 ft	60 × 240 cm (23.6 × 94.5 in)	310 cm (approx. 10.2 ft)
15 ft	70 × 340 cm (27.6 × 133.9 in)	410 cm (approx. 13.5 ft)
18 ft	80 × 410 cm (31.5 × 161.4 in)	500 cm (approx. 16.4 ft)

Catalog reference measurements. Nominal size names are not fabric dimensions or exact assembled heights. The selected base and installation can affect final height. These measurements are not a cut or sewing template.

Dimensions are not a production pattern

Fabric stretch, seams, sleeves, hidden hardware areas, and manufacturing allowances must come from the exact supplier template.
