

FLAGS

Custom Garden Flag

A compact vertical flag with a top sleeve for entrances, booths, and community events. Order the graphic alone or add a matching garden stand.

**WHAT YOU RECEIVE**

- Printed garden flag with pole sleeve
- Selected size and print sides
- Garden stand only when the hardware option is selected

Selected options define your item. Scene props and other display products are separate.

Choose with confidence.

Choose the flag dimensions and decide whether you need a stand. A graphic only selection is useful when you already have compatible hardware.

SIZE

12 x 18 in / 18 x 27 in

CUSTOM GARDEN FLAG

Ready for event day.

A practical overview. Use the instructions supplied with your exact product for locks, fittings, mounting, and any model specific procedure.

01 Match the size

Use the selected flag size with a garden stand designed for that fabric width and sleeve.

02 Check what you ordered

A flag only selection needs a compatible stand you already own. Confirm hardware when selecting a stand option.

03 Choose suitable ground

Check the ground and the stand's placement instructions. Avoid hidden services and pedestrian paths.

04 Fit the sleeve

Slide the matching support through the sleeve without forcing its width or catching the fabric.

05 Check the display

Keep the flag free to move without scraping plants, walls, or nearby fixtures.

06 Remove and dry

Bring the display in before unsafe conditions and store the fabric dry, separate from the stand's pointed ends.

CUSTOM GARDEN FLAG

Get the details right.

Popular size	12 x 18 in
Material	Printed polyester
Hardware	Black garden stand optional

Artwork that fits

Use the selected garden flag dimensions and keep key details away from the top sleeve. Confirm front and rear reading direction.

Confirm for your exact item

Stand and sleeve compatibility, finished dimensions, print sides, and exact sewing allowances.

Use the matched supplier template before preparing production files. A visual placement preview or layout reference does not establish final bleed, trim, seams, or safe areas.
