

TRADE SHOW

Pop Up Fabric Display Wall

An accordion frame display wall with a printed fabric face, offered as an 8 x 8 ft curved format or a 10 x 8 ft straight format.

**WHAT YOU RECEIVE**

- Selected collapsible pop up frame
- Full color fabric graphic
- Protective transport case

Selected options define your item. Scene props and other display products are separate.

Choose with confidence.

The options change both size and shape. Choose the curved 8 ft format or the wider straight 10 ft format around your assigned booth and visitor path.

WALL FORMAT

8 x 8 ft curved / 10 x 8 ft straight

POP UP FABRIC DISPLAY WALL

Ready for event day.

A practical overview. Use the instructions supplied with your exact product for locks, fittings, mounting, and any model specific procedure.

01 Check straight or curved

Match the selected wall format and nominal size to its frame and graphic. Allow for the depth of the complete display.

02 Inspect the frame

Check the folding joints, hubs, and supplied connectors before opening the accordion structure.

03 Expand evenly

Open the frame gradually with assistance. Keep hands clear of folding joints and do not force a resistant section.

04 Engage the correct connections

Complete the supplied model's locks and supports. Do not leave a section disconnected or improvise the top connection.

05 Fit the matched graphic

Align the front and wrap areas with the intended attachment strips or system. Avoid pulling one corner to remove a fit problem.

06 Release before folding

Remove or release the graphic as the model instructions require, unlock the connections, and close the frame evenly. Store everything dry.

POP UP FABRIC DISPLAY WALL

Get the details right.

Frame	Collapsible pop up structure
Graphic	Full color stretch fabric
Formats	Curved and straight
Use	Trade shows, launches, photo moments, and activations

Artwork that fits

The straight and curved wall layouts are different. Check front dimensions, side returns, and attachment strips on the exact supplier template.

Confirm for your exact item

Exact accordion frame model, top and hub connections, assembled width and depth, side returns, and graphic attachment.

Use the matched supplier template before preparing production files. A visual placement preview or layout reference does not establish final bleed, trim, seams, or safe areas.
