Signature Canopy Package

A coordinated canopy setup with a full back wall, two half side walls, and a printed table cover. Add flags when your event needs extra visibility.

**WHAT YOU RECEIVE**

- Canopy top and frame in the selected size
- One full back wall and two half side walls
- One selected table cover and standard protective carry bag

Selected options define your item. Scene props and other display products are separate.

Choose with confidence.

Choose the canopy footprint first, then the table cover construction. Flags and the roller bag are optional additions; the table itself is separate.

CANOPY SIZE

SIGNATURE CANOPY PACKAGE

Ready for event day.

A practical overview. Use the instructions supplied with your exact product for locks, fittings, mounting, and any model specific procedure.

01 Map the complete booth

Place the canopy, table, optional flags, and visitor entrance inside the venue footprint. Leave room for weights and wall supports.

02 Inspect every component

Check the frame and its locks, canopy fabric, full back wall, half walls, table cover, and any selected flag hardware.

03 Raise the canopy evenly

Work with another adult and follow the exact frame manual. Keep moving hinges and sliders clear of fingers and fabric.

04 Fit the selected walls

Use matching supports and attachments. Orient the printed faces correctly and keep the entrance clear. Recheck stability when walls are fitted.

05 Dress the table and flags

The table cover fits a table you provide. Match stretch pockets to its feet. Fit feather or teardrop artwork only to the corresponding pole and flag shape.

06 Close and store

Remove accessories before folding the frame. Dry all fabric, separate sharp hardware from printed surfaces, and store the set in its protective bags.

Size reference

The following page separates nominal size names from the catalog's measured dimensions.

Artwork that fits

Keep the canopy, walls, table cover, and any flags coordinated while preparing separate artwork for each printable surface.

Confirm for your exact item

Frame and wall attachments, table dimensions and foot positions, flag pole fit, anchoring requirements, and supplier print templates.

Use the matched supplier template before preparing production files. A visual placement preview or layout reference does not establish final bleed, trim, seams, or safe areas.

Canopy footprint guide

Nominal size	Catalog footprint	Approx. width × depth
10 x 10 ft	3 × 3 m	118.1 × 118.1 in
10 x 15 ft	4.5 × 3 m	177.2 × 118.1 in
10 x 20 ft	6 × 3 m	236.2 × 118.1 in

The catalog dimensions describe the aluminum frame family. Nominal feet are rounded size names. Confirm the exact selected frame footprint, clearances, and anchoring space for your venue.

Dimensions are not a production pattern

Fabric stretch, seams, sleeves, hidden hardware areas, and manufacturing allowances must come from the exact supplier template.
