

SUPPLIER MATCHING REQUIRED

6 Ft Stretch Table Cover

A branded planning reference based on the supplied layout. The original diagram dimensions and page size are retained on page two.

BEFORE USING THIS FILE

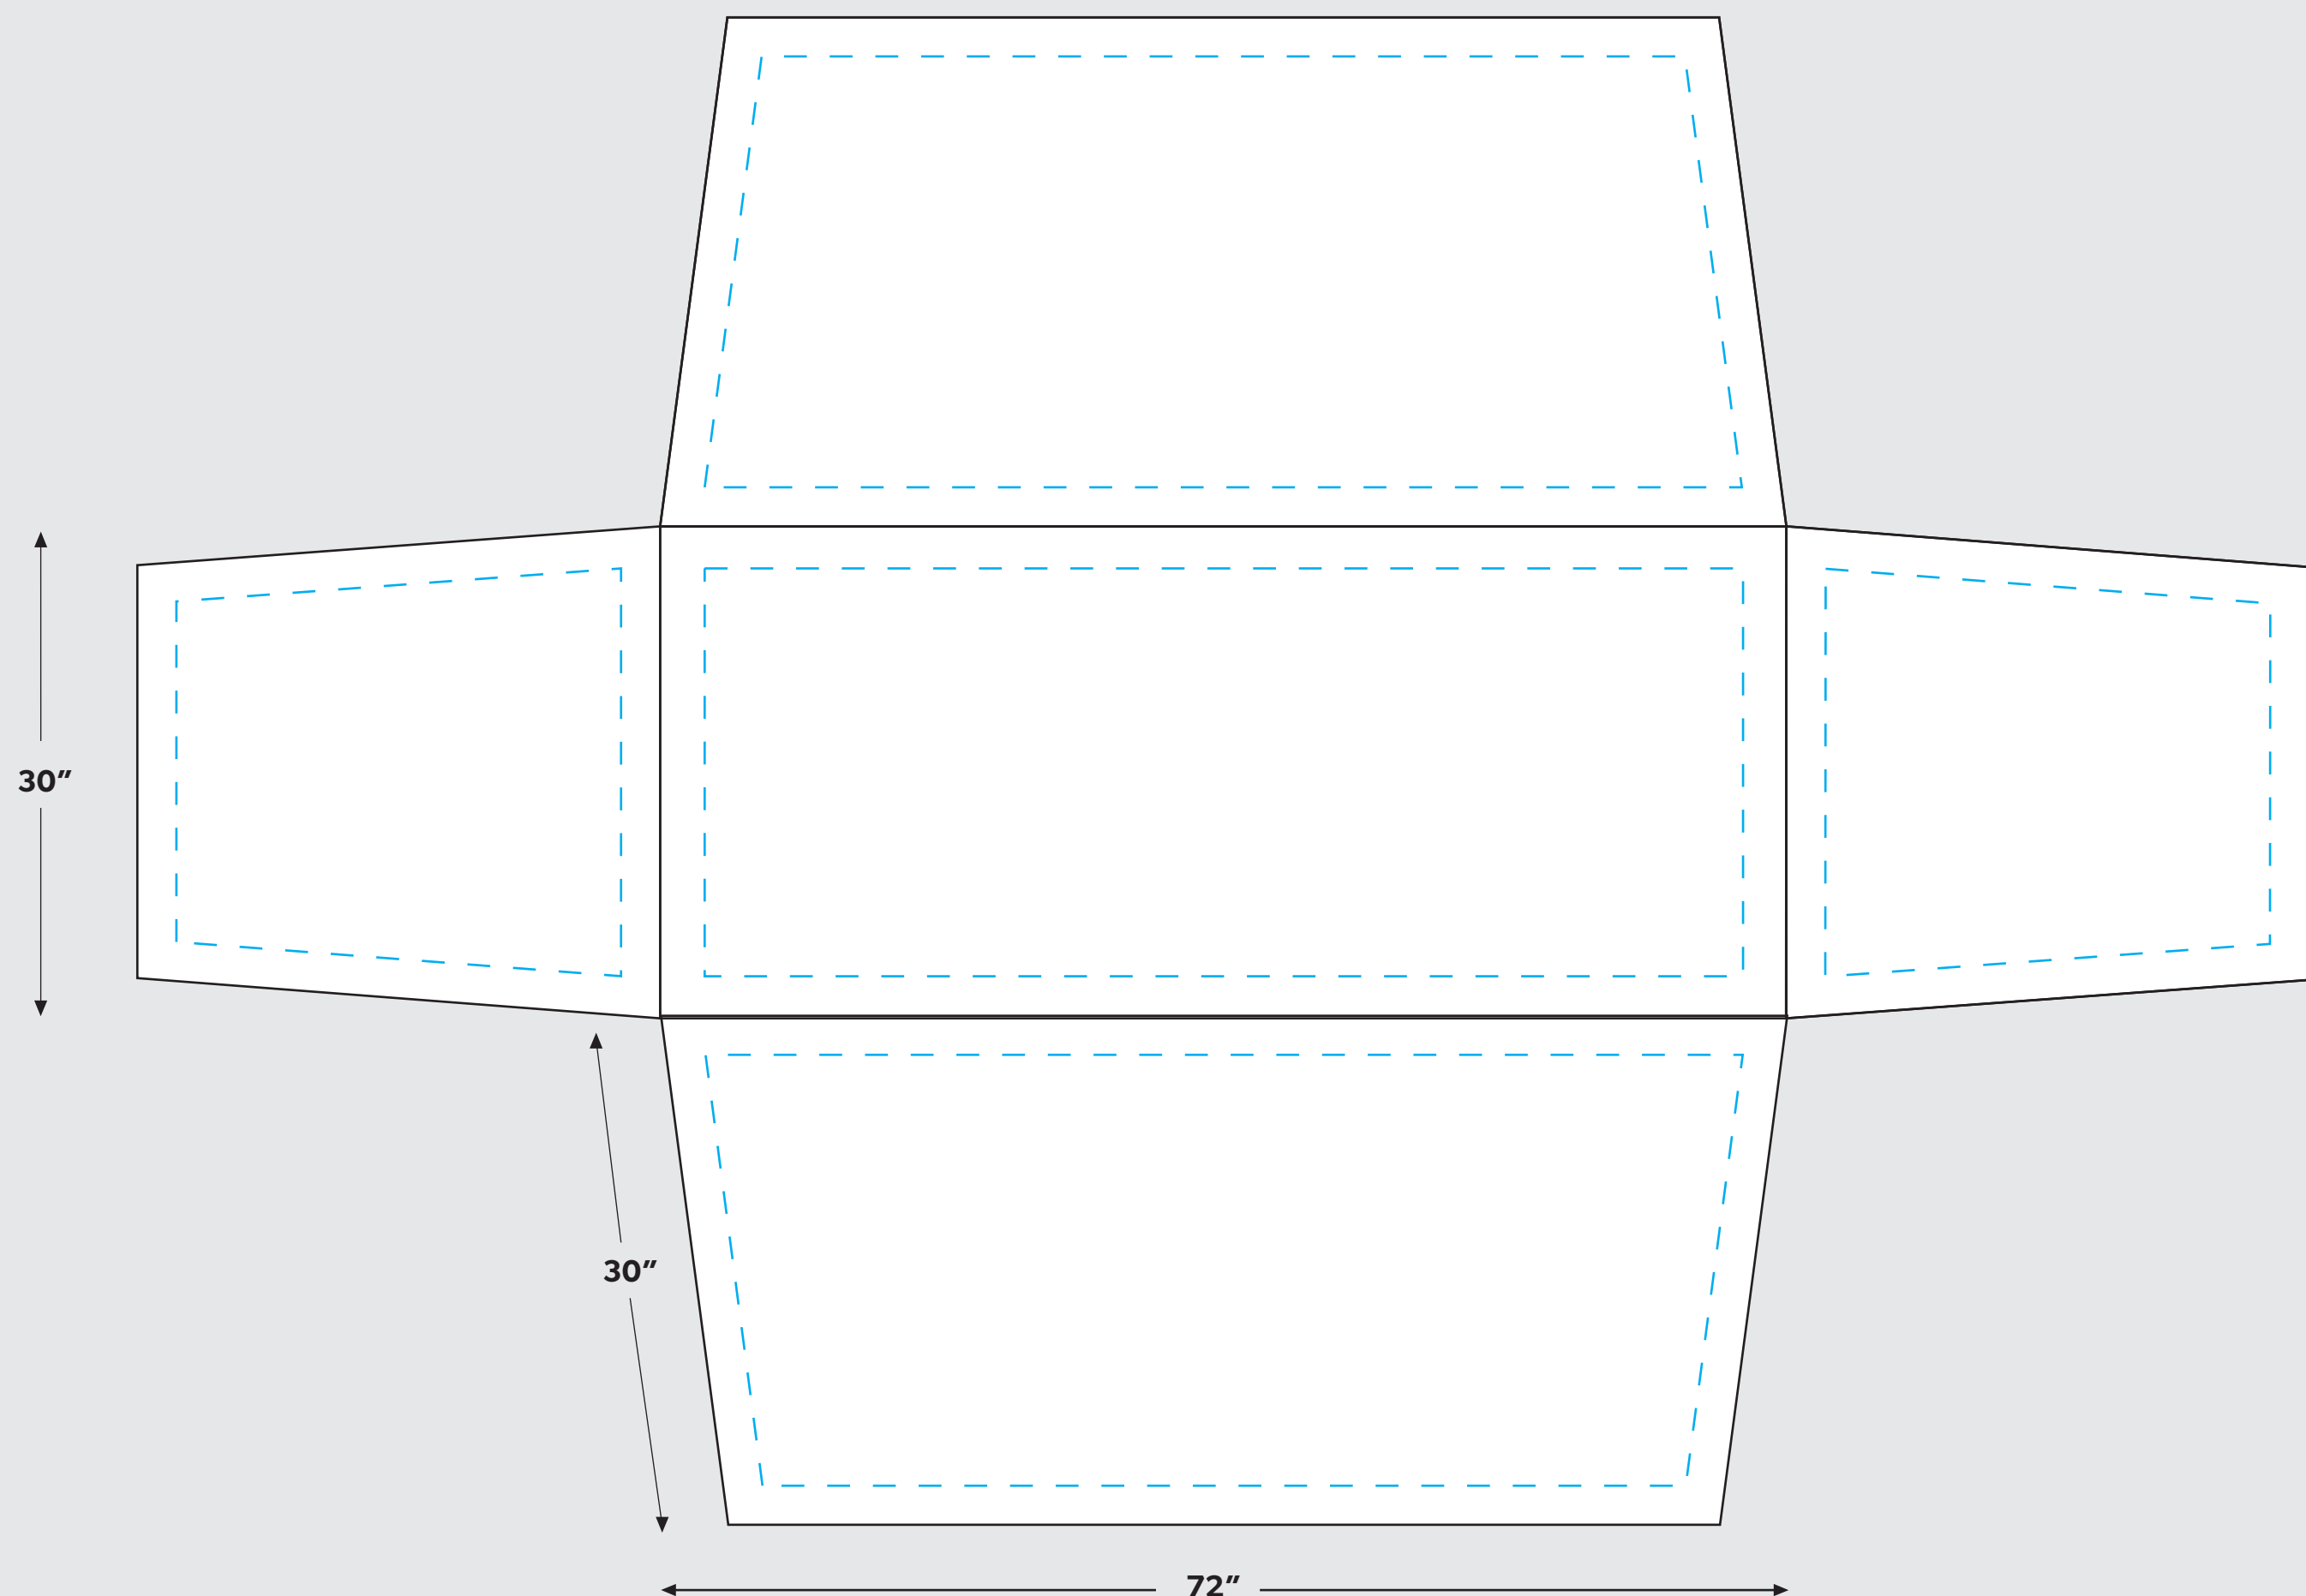

- Confirm the actual supplier, frame or table model, size, and finishing.
- Confirm bleed, seams, safe areas, and working scale.
- Do not use this reference as an approved production pattern.

Keep the scale explicit

Matching nominal size names do not establish matching manufacturing patterns. Do not resize the diagram to fit a page. Confirm output resolution at final printed size; 300 pixels per inch at 10 percent scale becomes 30 at full size.
